ABOUT US

Built upon the genetic codemap of a leader, SEGA has remained at the forefront of innovation ever since its inception in 2009. Thanks to our core belief of remaining ahead of time, we have till date introduced some milestones in product development highly appreciated both by our customers and peers or competitors. The company made its foray into ceramic world by converging a diverse set of strengths, system and standards. Spearheaded by a highly experienced leadership team, the success saga of SEGA continues to spread smiles of satisfaction for their valued clientele.

By remaining ahead of the curve, we expand our technical excellence by introducing latest range of equipment and machinery while broadening our production base at the same time.
